

Honorable Judge Ronnie Greer,

7/25/2018

RE: Inmates Jeremy Smallwood Usm# 43082-074  
Caleb New Usm# 52455-074.

Your Honor I am writing you because we  
are two federal inmates currently housed at the  
Sullivan County jail.

Your Honor we are being subjected to harsh  
environments with severe overcrowding, as well as  
massive uncleanliness. Black Mold being covered up with  
Sheet Metal, very unsafe because there is 113 people  
in one cell alone. These are 11x11 cells. Massive  
people in the floor, officers here stereotyping treating  
inmates unfair. This jail hold 500 inmates, there  
is 840 inmates here. Your Honor I am asking  
to be moved so that my rights aren't being violated.  
This medical staff does nothing when there is issues  
concerning medical care, we complained over a 30x18 mm  
kidney stone since we been here, they are doing nothing  
they won't even give me my psych meds. But they take  
your money and take no action. This place charges \$2.00  
filing fee to get commissary, mark up commissary ~~1000~~ 1000%  
tax it like crazy. The food doesn't do that. This jail  
doesn't even have price information posted.

PG 2 → over.

your Honor all I'm asking is to be moved from here. This jail doesn't offer any programs, doesn't even have a GED program.

I think something needs to be done about these issues. Your Honor there is inmates here holding other inmates down Piercing there penis's in Violation of the Prea Act, but the jail isn't taking the proper action. I feel like we are being subjected to harsh environments in Violation of our Constitutional Right to be free of Guel and Unusual punishment.

Your Honor thank you for your time, I just hope the Marshall's Service will come look at how overcrowded this place is, and tear back the Sheet Metal in Unit 3 Max in the Shower on the Ceiling and see the Black Mold.

Respectfully Submitted,

Jeremy T. Miller
